

A new twist to the daily grind

Seagreens® new Seaweed Table Condiment grinds like pepper, enhances flavour like salt (with much less sodium) and brings new dimensions to taste and nutrition. It has a wider variety of nutrients than any other natural food. It deserves a superb grinder and this one grinds fine, medium and coarse making Seagreens® a delight in the kitchen, too. There's nothing like Seagreens® fresh ground into cheese, eggs, potatoes, seafood, game and vegetables, and in bread, crepes and pizzas! Certified Organic, Vegetarian, Vegan. An environmentally benign product.
